downloaded: 31.214.443 BitP GoldenEye 007 Reloaded GoldenEye 007 Reloaded (also known as Goldeneye Reloaded and

GoldenEye Reloaded) is a 2010 video game developed by Splash Damage and published by The 3D Realms Productions and Activision. The game was available for the Wii and the Nintendo DS. It was released on October 3, 2010 in the United States. Plot After the events in GoldenEye 007, James Bond learns that the organization Quantum. 2005, the goldeneye was stolen from Casino Royale by the hitmen, the. 2007), who used "Gangsters United" as a disguise. The game revolves around

the efforts of James Bond to discover the identity of the GoldenEye hitmen and the location of the goldeneye. Gameplay The game has two main modes: Missions and Single Player. The Missions mode is played by Bond after he wakes up to the apparent death of his mission partner. The Bond must travel to different locations around the world to investigate the theft and to recover the goldeneye (hidden objects), in addition to defeating targets. Players can use handguns and Smart Guns.

Bond can also throw claymores and make claymore traps. The single player mode, on the other hand, allows players to choose various events such as: investigation of the murders, investigation of the GoldenEye and goldeneye, and the confrontation with the KGB general. Sections of the single player mode allow players to choose certain situations. The scenarios include; the "Dossier" (an encyclopedia of the assassins' origins), "Sniper", and "GoldenEye." These missions are like missions that feature in other shooters. These include killing targets, stealth missions, and investigative missions. In these scenarios the Bond can choose to explore different locations, find and protect the goldeneye, and infiltrate and disable the assassins. Unlike the missions in the missions mode the mission of these scenarios is a one-time event. Reception

GoldenEye 007 Reloaded has received mixed reviews. While the graphics and sound are generally praised, the game's multiplayer lacks multiplayer modes, not supporting online play. GameSpot gave it 4/10, stating "it's a shame that so much of this entire game relies on such old-fashioned, obnoxious game modes." References External links Official 3da54e8ca3
