I have an amcharts that is already loaded and show for example the thing is i would like to put this chart in the graph that is already created by chart.js. Basically my challenge is to add a new graph to the graph which already created by chart.js Thanks for the help, i'm really stuck. A: You can use the chart's data to set data for the the second chart. var myChart = new Chart(ctx).Bar(values); myChart.data.labels = values; var myBarChart = new Chart(ctx2).Bar(values); myBarChart.data.labels = values; isotope distributions in coarse-grained stochastic transport-diffusion models[@met1; @tacone; @auton]. ![(Color online) The upper panel shows the actual solution of the MMHD equations (\[system\]) in blue, and the average velocity of the particles \$\boldsymbol{\boldsymbol}
