* Professional Graphics Handbook (Wiley Publishing) Peterson, Jeffrey W., Kenneth S. Scott, and Robert W. McKee. *Professional Graphics Handbook* (2nd edition). Chichester, UK: John Wiley & Sons, 2010. This is a user-friendly book that includes beginner-focused graphics tutorials; it is an excellent resource for learning more about Photoshop. # Working with Text Text isn't just a neat way of labeling an image, it's a common way of creating something more than just an image. It is used to create headlines, headers, and body copy. Text is especially useful for creating a graphical background for an image or for adding a title that can be moved around. If you're going to create any kind of project with text, you need to understand that creating text is actually a three-step process: 1. **1. Create the Type:** Go to the Type menu and select Create Type. You'll see an On Type screen. 2. **2. Create a Shape:** The On Type screen includes a Shape pull-down menu. Click the shape you'd like to be the container for the type. 3. **3. Place the Type:** On the On Type screen, you'll see a menu you can use to position the type. Click and drag to choose the placement of the type. You can create many text effects and customize the type for text looks by moving and resizing the text within the container. If you want to change the type and the size, you can choose the Type Effects from the On Type screen. There are several effects you can use, including: * Shadow (Light or Dark) * Tint * Glow * Gradient * Perspective The Shadow and Tint effects make the type appear lighter or darker or tinted in a certain color. The Gradient, Glow, and Perspective effects make the type appear to overlap, stretch out, or melt into a background image. If you want to create a really neat type effect, you can use a Fill Effect. You can use a Gradient Fill Effect, Drop Shadow Fill Effect, or Transform Effect. You can also do custom text and design effects. Text is very easy to manipulate, you don't need to be an expert Photoshop designer to do professional-level work, and you can create an infinite variety of types, from headlines

WASHINGTON □ The Obama administration tried to negotiate an agreement with Cuba that would end all trade sanctions and allow its diplomats to return home, but the Communist government declined to make substantive changes, two people with knowledge of the talks said. According to one of the people, who had spoken about the talks on condition of anonymity, an agreement was within sight. But President Raúl Castro pulled out, saying there was a “lack of precision” in the text of a draft accord, the person said, referring to one of the people who had spoken to The Washington Post. Asked about the negotiations, a White House spokesman, Tommy Vietor, said the administration was “only considering a variety of different avenues that could help normalize relations with the Cuban government.” “If these negotiations work, the president will welcome that,” he said. The White House said in a statement on Thursday that “the United States is keenly interested in making progress on our bilateral agenda” with Cuba, “but we have to be clear-eyed about their willingness to change their behavior.”’s how they describe his kick-ass job. He shows up in the morning, is a little slow to get going, has a couple cups of coffee and then he's ready to rock and roll.... It's a lot of people with a lot of different responsibilities. I'm lucky because I've been with the district for four or five years, and we're all really tight. So we're all really going to go to bat for each other and make sure that everybody's taken care of." When asked to describe her friend, the coach replied: "A few words about me: Oh my god, so easygoing, (just) really cool. I have a ton of respect for her.... She's a good person. She's a good person to be around.... She's got a very, very serious side to her. She's really passionate about her job. I just think she has all the right components. She's got a strong personality. She's got a good work ethic." And thanks to a little Twitter action, Burke even gained some celebrity friends in the huddle. Actress/vocalist Carrie Underwood posted a picture on the social media site on Saturday, captioned: "#DawsonBurgess deserves some love for getting the kids involved in the community! #DawsonBurgessStrong
