ELDEN RING The most exciting fantasy action RPG. The “unseen land” that lies between two warring nations is a vast land called The Lands Between. It was a land of peace and prosperity until two countries between two great nations fiercely clashed. The Lands Between were made lifeless as a result of the war. The remaining people were reduced to extreme poverty. Fortunately, the same day, a land was discovered at the edge of The Lands Between. This land’s past is not remembered, and many people there are still in the blissful state of youth. The people of this new land are called Elden. The Elden Lands became a place where people of both nations can live in harmony. Thus, it is also called The Land of Elden. With the passage of time, The Lands Between became the battlefield and the Elden Lands became the crossroads of two nations. In times of war, martial arts have flourished in this land. The problem of the conflict between nations has been resolved. The Elden Lands are no longer in a state of war. In the present time, people in The Lands Between are now starting to realize the fact that the Elden Lands are what gives hope. Because of the fact that people are thriving in the Elden Lands, a country called The Elden Empire was established. The Empire, realizing the value of the Elden Lands, is promoting the country of The Lands Between with an open mind. We are here to bring you the newest fantasy action RPG, that holds a fun story of a country that is still in the process of peace and prosperity. ABOUT DIGIMON STORY Digimon Story: Cyber Sleuth is an open world adventure game that allows you to enjoy your fantasy adventure wherever you go and wherever you think. This is a story that takes place in an unfamiliar fantasy world. The game world is presented in a style that is free of the usual boring display of a game world. The player’s main action will be in order to check over 500 items in order to make contact with people that have disappeared, and to figure out the mystery of what happened to the 500 people. The protagonist is a guy named Yuudai Hayami, and he is joined by the characters that he meets along the way. You can enjoy a fantastic adventure story as you strengthen the bonds of friendship with everyone you meet. \* In addition to an adventure story, there are also action parts called 

### **Elden Ring Features Key:**

Controlling an Elden Lord has you work with other runes on the ring to complete your Order, and to learn their skills.  
While traveling, you can fight monsters in a multi-stage PvP battle.  
You can simultaneously control the character in battle and overworld travel.  
Choose your destination, and enjoy an adventure you cannot enjoy elsewhere.

### **Description:**

The **Lands Between**, a region made up of various countries with its own customs, is known as a place where magic thrives. In this region, there are tons of rare items and powerful monsters that will challenge you! In this fantasy world where the normal rules do not apply, the Lands Between is where a contest of power awaits you!

In the **Lands Between**, in which the practice of magic has long become an obsession, the influx of great power is suppressed. However, in the world just before the present day, there were hundreds of living beings with incredibly strong powers. Elves, Dwarves, and Wyvern Riders are also known to exist in the Lands Between.

(34 reviews) “A Game of the Ultimate Fantasy Genre...” By masterhoshi (Verified User)on I've been a fan of RPGs since I was a child. I have played almost all of them, and will continue to play them until I find a game that doesn't appeal to me. If I were to play something today, I would have to say that I have been eyeing on Elden Ring. I know the characters, the world, and a good deal of the gameplay. I am looking forward to playing. By Lynxx (Verified User)on As a fan of the game, I can appreciate the 2d-like graphics, unique sword & gun animation, and the ability to not only focus on the story but also the overall atmosphere of the game. If there's one thing I can give criticisms on is the number of items that are available. It's not at all a problem if you don't get too attached to it since you can easily exchange them for items that you desire. I'll try playing the game on a technical standpoint. The controls overall felt smooth to me. Though it doesn't let you have the entire freedom like a 3D game, the camera system works pretty well and generally didn't distract me from enjoying the gameplay. If you're someone who likes a game that makes you feel like you're in another world, I recommend you to give this game a shot.
