Mission: Impossible: Menace II Society (2004) Dual audio hindi english free downloadExpectations: Austin Aries vs. Tom Lawlor: Lawlor at least makes for an easy first match. Anarchy Nia Jax vs. Nany Nia has a very strong ground game, but Nany is also very good on the ground. Anything that will put her off balance or break her neck could be a factor, though. Any submission/knockout on the ground will come from Nia's strength, as the former Ultimate Fighter winner is a tough customer on the ground. Winner: Nia Jax Madison Eagles vs. Marion Reneau: I like Reneau a lot, and she has excellent wrestling. She's a beast on the ground, and has a diverse offensive arsenal. Eagles, on the other hand, is also a very solid wrestler, but she has no experience wrestling someone with the strength of Reneau. Additionally, she's made no appearances on the ground recently, so her technical skill is a question mark at this point. Winner: Marion Reneau Johnny Gargano vs.
Adam Brooks: Gargano is one of the most solid wrestlers around right now, and Brooks has a high motor that seems to be a big weapon for him. I'd like to see both men test each other on the ground to see who has a better grasp on it, but I think Brooks will come out on top. Winner: Adam Brooks Mia Yim vs. Toni Storm: Yim is strong, but Storm is a bit more technical and versatile. Both women have a few improvements to make, but I think Storm will be the one to make the most of them. Winner: Toni Storm Henderson vs. Lindsey Henderson is a bit of a wild card at this point, but he holds the key. If he doesn't show up and win, he'll get the next shot at the NXT Women's Championship. Lindsey, of course, doesn't need a win to further her case, as she's already been booked for a title shot at the end of the year. That said, a win for her is probably the easiest way to help her case, and it'd also help her to easily get the next spot on the televised episodes of NXT. Winner: Lindsey Andrade "Cien" Almas vs
