Elden Ring is a FREE fantasy action RPG that takes place in the Lands Between. The Lands Between is a vast open world full of excitement where you can

---

explore a vast world with exciting dungeons and meet many different characters. The game was developed with the concept of “an all-ages story.” We created it with the assumption that you will be a kid at heart.

The game is supported with manga chapters for experienced players to enjoy the story. THE STORY A boy who encountered a fateful encounter On a side note, a young boy with a sword in his hand and a determined look on his face that represents the god of war approaches a young girl in a long dress running towards a man on horseback. The young boy and girl exchange some words. The young girl tells him to leave, and the young boy hesitates to get angry and quickly departs. The girl dashes off in the opposite direction, away from the man on horseback. The young boy, not wishing to be deceived, follows the girl's path, begins to chase after her. The boy and the girl both lose track of time, and the man on horseback is nowhere to be seen. The young boy is

---

exhausted and remembers that he is thirsty, and then notices that he has lost the sword that was in his hand. He loses all confidence in himself and feels sorrow. As he searches for the young girl, he finds a cave that leads to a huge ancient dungeon. In the dungeon, the young boy is saved by an adventurer. After running through the dungeon, the boy and his savior continue on their way to the next dungeon. The young boy is told of the vast world that lies beyond the Lands Between by his savior. Tired and disheartened at the man's warning, the young boy gives up and departs with his savior to start over.

After this, the story of the game begins. As he traverses the vast world, the young boy will meet his savior again. In the process of exploring the world, he will meet various characters and get to know about the Lands Between. THE CAMPAIGN The Campaign is comprised of world navigation, quests, and combat.

With each new town, the player will start with a

---

decision tree and different routes to follow. Some towns are only accessible by passable roads, while others, like the dungeon, are only accessible by traversing the Lands Between. The

## **What's new:**

### **MYTH & TRUTH**

**ALL** the tales you have heard about the Dungeons and Elden, The game created according to the story of how with the rise of the great Elden empire, breaking taboo is no longer limited by the rules of society and the individual, that there is a person called "GOD" that created the castle and the mythical world.

### **BORN FROM MYTH**

**We** have firmly rooted roots in Japanese folklore, based on robust development of "the Legend of Tarnished," a story about revenge in the afterlife. "The Legend of Tarnished" is a story that evolves as you progress in the game. The story is broken into small fragments that are interwoven, and you gradually find the large story through the fragments of myth in your hands.

### **MYTH CRITICAL**

**The** developers will be adding new information, items, weapons, magic, and so on. The rules that you will face in the game will open up as you defeat monsters and monsters became stronger. As you develop, they will open up a variety of exciting new content.

### **"CLARA" SERIES GAME MOTIF**

---

**Clara is a goddess, and an international legend. Even in the mythical world, her name is widely known. Moreover, Clara's devotees secretly gather in the mythical world and savoring her lovable features and charming actions.**

### **"MYTH" SERIES GAME MOTIF**

**The myth, the legend, a folktale world of people in the Land Between... In a world that is a word in which the attention is drawn to the interface or story, they are always looking for a new game.**
