This program can produce all kinds of keys: license, serial, activation, activation key. 1. If you've never used Muvey on a computer that you're not 100% familiar with, it is strongly recommended that you create a new profile with default settings. This will assure that you've got the computer's best performance. 2. If you'd like to enjoy the best performance, please make sure to use the full version rather than the trial version. The trial version might limit some of the features that you would like to use. To use on other networks you will need to use a serial number given to you with your activation code, or if using a new computer, create a new profile and then load your videos. Muvey will automatically tell you the serial number.
