Pervert Family Saga Sonofka

i've seen a lot of fan art of sonofka and i like her alot, but i feel that she could get more than she already does. so this is just a small fanfic with sonofka and a few other characters of the pervert family. the idea was to make another fantasy-comic because there are only a few pervert family comics online. i hope you like it. the most unfortunate were the perverts. they were all sick, and they had a disease that made them lose their sexuality and the need for food. the perverts were the most desperate people of the world. they saw the others and they weren't happy to be like that. they looked for another life. in all the darkness, there was a light. some perverts found it and moved to the surface of the planet. that time, there were no cities or people. the perverts could do whatever they wanted. they were free. they started to eat food and to do all the things that people wanted. but, they still had a disease. the disease that they had was a huge hunger for blood and sexual relations. they were evil and sick. they were the first perverts. they didn't know that they were perverts, and they thought they were normal. so they tried to find people to make blood and sex with them. they traveled the entire planet and they met many people, but they didn't find anyone who was willing to make blood with them. they found many people who were willing to have sex, but they didn't want to make blood with them. so they started to eat meat and to drink blood. they felt satisfied and well. but, soon they started to feel the burning hunger again. they started to sleep under the cover of the night. they were unhappy and they wanted to change this condition. they were desperate. the moment came when they had found a way to change it. they discovered the idea of giving blood and sex in exchange for food. they started to ask all the people of the planet to make blood and to have sex with them. they traveled from city to city and they found all the people who were willing to do it. the people were surprised, and they were happy to have blood and sex in exchange for food. 5ec8ef588b
