A PubMed search begins with the input of a PubMed-style query, with PubMed-style syntax in a text box. In addition to free text, PubMed also supports a rich set of date ranges, Boolean operators, and numeric operators to help refine searches. If using SAS Enterprise Guide to connect to a Unix SAS session, you can use the Copy Files task to include this download into your process flow. You can download any file from your SAS session, including your PDF. If you're not using SAS Enterprise Guide and need this to work in pure SAS code, then either you need a common shared network location that you can reach from both Unix and Windows, or you could use something like FTP to move the files across. (The SAS FILENAME statement has an FTP method...usable if you have an FTP server to connect to.)
