After more than 200 beta tests, we now present the official release of Bitmixer, a decently anonymous Bitcoin mixing and splitting service for your bitcoins. The system generates multiple new BTC addresses for you to pay the transactions in. You can transfer them to 5, 10 or 15 other address,com. VPN provider pays premium members a percentage of any advertising revenue earned from advertising on different popular sites. I am so grateful to anyone who helps me with solving complicated problems. I have been trying to solve this problem for 4 days now, and no matter what I did, I always got the same error code. This post will tell you how to fix it. So, this is a tool that requires you to transfer funds into one of your own Bitcoin addresses, that you then choose to send to at least two Bitcoin addresses that are your friends. You can also use the [url= tips.]
